busness of rye and 500,000 bushels of corn.

Letter said that he made no export sales yesterday.

He raised his prices last night and offers were not accepted. Bids, however, were very strong.

A New York special reads: Leiter has chartered twenty-two steamers of 128,000 bushels average capacity each, to load wheat here and at outports May and June. Corn exports are larger this week than for many years past, aggregating 6,164,000 bushels, against 4,316,000 bushels last week, 3,127,000 bushels in this week a year ago, 1,531,000 bushels in 1896 and 934,000 bushels in 1895. Chicago, May 6 .- May wheat to-day covered a range f 10c, closing a shade lower. July covered a range of 2½c, closing at 1½c decline. Leker sold 275,000 ushels, chiefly to millers. Other grains were heavy. week a year ago, 1,831,000 bushels in 1898 and 334,000 bushels in 1895.

There were light rains all through the winter wheat country Thursday. Clear weather prevailed yesterday. Light frost was reported at Dodge City and at Davenport and heavy frost at North Platte. Prost in this region is predicted.

Puts on Chicago July wheat, good to-day, sold yesterday at 574,985c, closing at 375,00 calls, 31.02% @1.04, and closed at \$1.034; July wheat sold on the curb at \$1.09%; July corn, puts, 331,60; calls, 344,60 at \$1.034; July corn sold on the curb at 34.6934/c.

The primary market receipts yesterday were \$62,000 bushels a year ago. Shipments were \$75,000 bushels; last year, 225,000 bushels. Corn, receipts, 781,000 bushels; a year ago, 355,000 bushels. Shipmenta, \$96,000 bushels; last year, 248,000 bushels.

The wheat exports for the week reflect the temorn declined 140%; oats unchanged. Provisions were neglected. Pork closed 25c lower; lard and ribs

Poreign news available at to-day's opening of the wheat market was all of a buillish character. Liverpool recorded advances of \$6 for May down to 20 in Beptember option. Paris rose the equivalent of 2½c, Antwerp 1½c. Mark Lane reported gains of \$c\$ per bushel since Wednesday's market. Chicago received 189 cars, against 12 a year ago; Minneapolis and Duluth got 225 cars, compared with 301 last year. Argentine shipped 1,392,000 bushels, against 935,000 bushels last year. Primary receipts at Western markets were 564,000 bushels last year. Primary receipts at Western markets were 564,000 bushels last year. Primary receipts at Western markets were 564,000 bushels last year. Primary receipts at Western markets were 564,000 bushels last year. Primary receipts at Western markets were 564,000 bushels last year. The opening trades in July, regardless of foreign advances, were at \$1,0021,00½—a deciline of 1½,62½c. May started at \$1,0021,00½ and to cancesson necessary. But the market soon began to give symptoms of recovery. Before the end of an hour's trading early sellers were on the run, and July had sold up to \$1,000. Domestic statistics were of no significance except that primary receipts afforded little indication of supply exhaustion and encouraged the selling of distant futures. Hesitancy in this market apparently affected the foreigners, and Liverpool cased off until, at the close, net gains there were limited to 2½d in July. Strong outside markets kept the Chicago pit traders nervous and fluctuations were violent over a narrow range. July made a top figure at \$1.02½, after which it slipped again to \$1.00½, recovered to \$1.01½, and was, at 12 o'clock, quiet for a white around \$1.01½6 1.01½. September during the same time rose from \$3½c to 54c, hack to \$2½c, up to \$5c, and down again to \$6c. May, on light demand, reacted from \$1.40, where it hung listlexaly during the first two hours, then reacted to \$1.50. Leiter sat mber option. Paris rose the equivalent of 2%c,

ceived 573 cars. Crop news to-day began to take on an unfavorable aspect. Frost reports were at hand from points in Kansas and Nebraska, and planting operations were reported generally delayed. One sale of 400,000 bushels was made by cable. Seaboard clearances were 1.576,000 bushels. Near the close some realizing caused a 19c reaction from the top. July opened 19c lower at 31% 6731% c. sold up from 331% to 31% 6731% c. sold up from 331% to 31% 6731% c. sold up from 331% to 31% 6731% c. sold up from 321% c. sold up from 25% c. closing 160% c. hierago receipts 371 cars. Provisions were dull, easing off after a steady opening on packers selling. Lard at Liverpool was quoted 3d lower; bacon dull and unchanged. The trade was narrow and featureless. July pork sold between 311.00 and 311.20, closing 25c net lower at 311.00; July lard, 25.32% 65.30, closing 21% e net lower at \$8.82%; July ribs. \$8.52%; 65.55. Government Bonds

Stocks and Bonds.

New York, May 5.—There were striking elements of strength in to-day's stock market, notwithstanding the fact that most of the day's changes are on the side of losses. The bull sentiment has several severe drawbacks to contend with and the selling pressure on the market was at times very heavy. Again and again the buying demand was sufficient to overcame all obstacles and to absorb all offerings carrying prices upward on a large volume of business. It was not until the final hour that the market finally succumbed to the burden of liquidation and yielded practically all earlier gains and established losses ranging up to 2 per cent in some of the specialities. American stocks were heavy in London before the opening here, in sympathy with a general depression in that market. Although prices of international stocks had declined to, in some cases, nearly a point below last night's New York closing, there was sufficient demand here at the opening to overcome the greater part of London's declines. By establishing a range of prices here above the London parity arbitrage selling was made profitable and invited. The selling for London account was the heaviest for many weeks and was estimated at 50,600 shares at least. The dragging tendency of this selling was easily perceptible in the international stocks during the morning.

But the balance of the list showed a disposition to force shead on its own account. Rock Island, Omaha. Northwest, New York Central and the Southwestern stocks were conspicuously strong, the latter on the excellent prospects for the winter wheat crop in the Southwest. The international stocks themselves were conspicuously strong, the latter on the excellent prospects for the winter wheat crop in the Southwest. The international stocks themselves were conspicuously strong, the latter on the excellent prospects for the winter wheat crop in the Southwest. The international stocks themselves were conspicuously strong, the latter on the excellent prospects for the winter wheat crop in t oay, after the London onerruga one been substruct, to raily strongly on a report that the cable communication had been established with Manila and Commodore Dewey.

The capture of the steamer Lafayette under the French fing assumed growing importance in the eyes of traders during the last hour and induced

selling to realize and the dealing of shorts by bears, which carried prices to the lowest of the day at the close, when the selling movement was still actively in force. The resumption of the gold import movement has been cited as a bull argument, but the withdrawals of gold from London and Europe have resulted in a renewal of stringent money conditions, too. This in turn, however, weakened the speculative market and has induced large selling of Americans because of the good market for them existing here and more particularly the purpose of relieving the demand for exchange. The indications were that the New York market would have successfully absorbed these offerings had it not been for the development of the Lafayette episode, which caused some timidity amongst buyers.

The bond market showed the effect of selling for London account in some of the speculative issues as did the stock market. Otherwise the tone was strong and prices are generally higher.

There was a somewhat uneven, but at the same time fair, market had yesterday. All good pony butcher steers were steady and firm, and choice export cattle were unchanged, but the coarser beavy weights were dull to a little lower. Cows opened the day steady and in fair demand, but closed dull and the poorer a little lower. Not many stockers and feeders in and prices steady and firm and more light weights could have been sold if here. Range cattle like natives sold unevenly. Stockers and feeders were firm and wanted and she stuff steady, but heavy killing steers were slow sale and weak to a little lower. Mitch cows coming in slowly and steady and in fair demand. Common, 118-20; medium to fair, 125-212; good to choice, 135-65.

From Kentucky Total Permits were issued to ship 786 head from the yards to points outside of the state, going over Kansas railroads.

As a matter of interest to stockmen of the state, a statement is appended of live stock received at the yards from Kansas during the month of April, to-wit: tock received at the family to-wit: Steers 60.788 9.997 530

In his report to Colonel Albert Dean.

Kansas City, notwithstanding its distance from the base of operations, would seem to be participating pretty freely in the government mule contracts. Sparks Bros, and Marion Sparks sent to St. Louis Thursday night and Friday twenty-eight cars of government mules and Cottingham Bros., during the same time, six cars; and it is said other firms shipped during the week twelve cars, making forty-six cars in all.

Master Fred Kirtland, aged 5 years, son of C. P. Kirtland, of the New Cambria, Kas., mills, was in yesterday with his first shipment, twenty steers that averaged 1,252 pounds and sold at \$4.65.

It is said that the government has just contracted with the International Packing Company and Swift & Company for 1,500,000 pounds of short clear sides. There were several lots of fancy "White Faces" in yesterday. J. Badsky, of Overbrook, Kas., was in with twenty 2-year-olds, past, of these steers, that averaged 1,350 pounds. They were full of style and very fleshy. A. J. Gillespie & Co. sold them at 15.00, the highest price of the day. Swift & Co. took them for their dressed beef trade.

Of the heavy steers in yesterday were eighteen Herefords that were smooth and well fleshed, owned and fed by D. P. Simpson, Cawker City, Kas. They averaged 1,565 pounds and attracted general attention and were sold by Ryan, Keeney & Robinson, at \$5.00, the top of the market. The Schwarzschild & Sulzberger Company took them for the export trade.

One of the best bunches of Western cat-tle on the market here for some time was brought in yesterday by G. H. Lauben-rayer of Solomo Kee They averaged

The incessant and heavy rains have worked much inconvenience to the cattlemen in the territory. George S. Tamblyn is just back from Checotah, I. T., and says the streams are all bank full and there are many washouts along the railroads, making it hard to get feed for stock. The grass however, is growing finely, and there will be no lack of water for some time.
